EMB

Sage Ember — Full Cut-Off Wall Pack, Sensor Ready

Dimensions & Mounting

All dimensions in inches, nominal

ELEVATIONS — EMB-9L · EMB-17L

Full cut-off wedge — tall at the wall, sloping to the front; wall mounted, wet-location sealed (IP65 · IK08). Identification only — the table is the complete published record.

FIXTURE DIMENSIONS & WEIGHT

	EMB-9L	EMB-17L
Width (L)	10.06"	14.49"
Face height (W)	8.86"	9.25"
Depth — wall projection (H)	6.25"	6.44"
Weight	3.98 lbs	5.97 lbs

CONSTRUCTION

Full cut-off wedge profile — tall at the wall, sloping to the front — with a vertical-fin heat-sink face, polycarbonate lens, and a rear wall-plate rail; wall mounted; wet-location sealed (IP65, IK08).

NOTES

- All dimensions are in inches, per the published dimensions table — the complete published dimensional record. Axis letters as published: L = width · W = face height · H = depth (wall projection).
- Mounting detail (hole pattern, junction-box compatibility, conduit-entry locations, mounting heights) is not published for this fixture, and no installation guide is available.

“Engineered for the spaces it protects.”
