JAS

Sage Jasper — Swing-Face Edge-Lit LED Exit Sign with Hang-Straight Hinge

Dimensions & Mounting

All dimensions in inches, nominal

WALL MOUNT — FRONT · SIDE + TOP MOUNT — CEILING

PANEL, CANOPY & MOUNTING DIMENSIONS

	Value
Edge-lit panel W x H	13" x 7½"
LED lamp housing bar	1⅞" high
Wall canopy	5" wide x 5" tall
Wall mount — overall drop	12¼" (top of canopy to panel bottom)
Ceiling mount — panel drop	10" below the ceiling
Face swing	180° maximum on hang-straight hinge
J-box (BB / NB)	4" x 4" x 2½" deep + 1½" extension ring

CONSTRUCTION

Extruded-aluminum LED lamp housing mounting to a form-fitting solid-aluminum canopy; diamond-polished acrylic edge-lit panel hanging on a hang-straight hinge with 180° maximum swing. Field-adjustable wall or ceiling mount; no exposed hardware. Standard finishes satin white enamel and brushed aluminum; optional custom painted or anodized finishes (satin bronze, polished gold, mirror silver).

NOTES

- All dimensions are nominal, in inches; per the published mounting data & dimensions drawings.
- Pre-install a 4" x 4" x 2½" deep J-box with 1½" extension ring for BB and NB models.
- Charge / test / status indicators at the right end of the housing top face (BB models).

"Engineered for the spaces it protects."
