Compact Central Battery Cabinet
MINI

16 x 12 x 4 in

FRONT ELEVATION

PANEL SIZE & MOUNTING

Model	Panel H x W x D (in)	Mounting
MINI-100	16 x 12 x 4	Surface · recess kit (opt.)

Mounting hardware must be rated for the complete panel weight including the battery. Preferred mounting height allows access to the face and the access cover.

ENCLOSURE

NEMA Type 1 / UL 50 steel. Surface mount (standard) or optional recess kit. Access cover on the face; battery readily accessible for inspection and maintenance by facilities personnel. Front access: Status indicator LED · Push-to-test button · Access cover · Optional LCD test panel.

NOTES

- All dimensions are nominal, in inches.
- Recess mounting uses the optional recess kit.
- Panel weight available on request.

“Engineered for the spaces it protects.”
